AB Glossy, and water-repellent coating compns. were prepd. contg.  
silicone and hydroxy group-contg. polysiloxane. Thus,  
.gamma.-glycidylxypropyltrimethoxysilane 2530-83-8 7.5,  
vinylethoxysilane 51981-18-1 3.8, a silicone oil 20, and a com.  
hydroxy group-contg. polysiloxane (Mentor 28 57608-29-4 ) 48.7  
parts were uniformly mixed, the mixt. was mixed with a paraffin wax  
to give a car polishing wax, which was applied on a car body coated  
with alkyd resin coating to give a durable, glossy, water-repellent  
coating film.
